The India's Cup will bring together adventure enthusiasts from all over the world in teams to Chennai. Once assembled, they embark on a 2400 KM trek across India in their vehicles of choice, be it a classic Ambassador or their brand new Mahindra, finally reaching Panaji, Goa after 11 eventful days.

The India's Cup believes firmly in participating in, not simply passing through, the lives of the people we meet in villages and cities along the route. For this reason, the India's Cup has teamed up with **Round Table India**, a national organization that oversees charitable needs; through their partnership we are able to showcase India in a way that combines revelation and conservation. Till date the organizers of **the India's Cup** have raised upwards of \$150,000 for **Round Table India's** projects.
